TE. (Computer Engineering) Software Engineering And Project Management

| | (2015 Pattern) (Semester - I) | | | |
|-------------|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|--|--|
| | | | | |
| Time | 2:21/2 | Hours! [Max. Marks: 70 | | |
| Instr | uctio | ns to the candidates: | | |
| | 1) | Attempt questions Q.1 or Q.2, Q.3 or Q4, Q.5 or Q.6, Q.7 or Q8, and Q.9 or Q10 | | |
| | <i>2)</i> | Neat diagrams must be drawn wherever necessary. | | |
| | 3) | Assume suitable data, if necessary. | | |
| Q1) | a) 6 | What are the reasons to have a Software Process? What are the issues addressed by Umbrella Activities in layered Model of software engineering? [5] | | |
| | b) | Explain how extreme programming process supports agility with its framework activities? [5] | | |
| Q2) | a) | Explain with neat diagram incremental model and state its advantages and disadvantages. [6] | | |
| | b) | Identify and briefly describe four types of requirements that may be defined for computer system. [4] | | |
| Q 3) | a) | Explain the tasks done during Elicitation and Requirement Management. [5] | | |
| | b) | Explain in detail Data-Centered Architectural Style. [5] OR | | |
| Q4) | a) | Explain the user interface design issues. [4] | | |
| | b) | Explain Object-Oriented view of component level design with suitable example. [6] | | |

| Q5) | a) | What is project decomposition? What are the work tasks for communication. process using process decomposition? [6] | | |
|------------|---------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------|------------|--|
| | b) | Explain the FP based estimation technique. | | |
| | c) | Explain earned value analysis in project scheduling. OR | [5] | |
| Q6) | a) What is need of project estimation? What are the steps while estimation of software? [6] | | | |
| | b) | What is time line chart? Explain with a suitable example. | [6] | |
| | c) | Explain W5HH Principle in detail. | [5] | |
| | | | | |
| <i>Q7)</i> | a) | Explain the SCM repository in detail. What are advantages of SC repository? | | |
| | b) _ | Explain RMMM Plan with suitable example. | [6] [6] | |
| | 6 | Explain Business Process Reengineering model? | [4] | |
| | | OR | | |
| Q8) | a) | Which are the layers of SCM process? Explain each in detail. | [6] | |
| | b) | | | |
| | c) | Differentiate between Software Reengineering & Restructuring? | [4] | |
| | | 86° Y | 0 | |
| Q9) | a) | What is software testing? Explain the software testing strategies | for | |
| | | software development? | [7] | |
| | b) | What are the debugging tactics? How Bug Reporting is done? | [6] | |
| | c) | Differentiate between verification & validation in detail. | [4] | |
| | | OR | | |
| Q10 |) a) | Draw the flow graph for finding minimum of five numbers and derive | | |
| | 1 \ | test cases using cyclomatic complexity. | [8] | |
| | b) | Write a short note on Test Management and Automation. | [4] | |
| | c) | What is GUI testing? Explain in detail. | [5] | |
| | | | | |
